The annual calendar is completed by December prior to the start of the next school year.

The calendar is prepared by the Head of School in consultation with the Head of School's Assistant who will find out the days of the Chinese national holidays. The calendar requires the final approval by the School Board.

OX TLC International School will have 180 academic school days per school year.

## Attendance Policy for Students

### **Responsibility of Parents, Guardians, and Students.**

Parents and guardians of students between the ages of 7-16 are legally responsible to see that their children attend school. All students are expected to be in attendance throughout the school term unless temporarily excused by the school officials due to sickness or other unavoidable cause not constituting unlawful absences.

### **Responsibility of School Administration and Faculty**

The responsibility of OX TLC International School is to inform the parents of the attendance policy and procedure that OX TLC International School has regarding attendance.

### **Attendance Regulations**

Our policies are designed to promote the following:

- Students will maintain the attendance necessary to successfully meet academic standards.
- Parents and guardians receive notification in a prescribed manner consistent with administrative procedures of their child's absences before they become an excessive determining factor with respect to course work completion.
- Attendance records are maintained in an orderly fashion.

### **Classifications of Absences**

- Excused absences include the following: Illness and injury, quarantine, death in the immediate family, medical or dental appointments, immediate family demands which cannot be taken care of outside of school hours and other conditions which are approved by the principals if the need arises.
- When a student misses more than 50% of a school day, the student will be considered absent from school.
- Plans for prearranged absences are to be submitted in writing by the parent or guardian to the appropriate principal for approval at least a week prior to the absence. The principal then excuses the student if it is for a good substantial cause. Students who attend class trip(s) will be counted present for each day of the trip. Students who choose not to attend school during the planned class trip will be credited with an unexcused absence. Principals may modify required attendance on campus.

### **Record Keeping and Reporting**

The school will maintain attendance records for their students as prescribed by OX TLC International School. Attendance will be reported on each student's quarterly grade report.

### **Excessive Absences**

- Attendance is a necessity for student learning to be achieved. OX TLC International School expects students to attend school consistently and on time. If a student has consistent unexcused absences or tardies, the core teacher will notify the supervising principal. The supervising principal will inquire with the family as to the student's absence.
- Students are prohibited from accruing more than 20 absences in a school year and can be retained in their current grade level at the principal's discretion.
- If a student is consecutively absent for 10 consecutive days without notification the student can be removed from the class roster and automatically withdrawn.
- Efforts will be made by both the classroom teacher and principal to contact the family before any withdrawal is finalized.

### **Missed Assignments**

Students are expected to complete missed assignments by following procedures established by the administrative team.

Tardiness is defined as arriving to school or class after the scheduled time for class or school to begin. Valid reasons for being late are circumstances beyond the control of the student.

- When a student misses more than 50% of a class period in the Upper School, the student is considered absent from a class.
- The principal will notify the parent or guardian when the student tardiness has become excessive.
- Continued tardiness can result in disciplinary action.

### **Bring Your Own Device Policy (BYOD)**

#### **Internet, Network, & Electronic Device Usage | Bring Your Own Device (BYOD)**

Please reference the Bring Your Own Device Policy handout for Internet, Network, & Electronic Device usage and Bring Your Own Device Policy.

### **Bus Transportation Policy**

- Students should arrive five minutes before pick-up time at their pick-up location. Parents need to be informed of this and know that if they are late, the bus cannot wait for them. (Three minutes is the maximum wait time permitted and even this should not be a regularly repeated offense.) It will throw off the entire bus schedule for that day. (Begin counting from published pickup time)
- In the afternoons, the teachers will supervise dismissal and boarding of the buses.
- If a student does not follow the rules, their bus privileges can be removed, and they will have to be dropped off and picked up by their parents.

### **Expected Student Behavior on the Bus:**

- Students are required to wear seat belts while on the bus. They should remain seated, facing the front of the bus.
- Students must show respect to the driver and bus teachers.
- Students should not be loud on the bus.
- Students should keep their hands to themselves.
- Students should not put or throw anything out the window. (Hands, feet, objects)
- Students are responsible for their own items and should make sure that they do not leave anything on the bus. The driver or the school cannot be held responsible for lost items.
- Students are not permitted to bring anything dangerous to other students onto the bus.
- Students are responsible to take care of the bus. Any damage to the seat or to any part of the bus will be the responsibility of the student's parents and could result in losing bus privileges.
- No eating, drinking, smoking, or chewing gum on the bus.
- If a student will not be taking the bus for a time, the parent needs to advise the office by 1:00 PM and the class teacher of this change well in advance.
- If a pickup or drop off location changes, the parent needs to submit that request in writing for approval.

- The bus only waits for **3 minutes**. Following the 3-minute window, parents will be responsible to alternate transportation on that day.
- Video footage might be resourced should there be a discrepancy in account of an incident between student and bus teacher.
- Parents must present the ID card in the afternoon for that student to be released.

Student should sign a bus behavior agreement at the beginning of each academic year.

  - A folder will be kept in the nurse's office with specific guidelines for common sicknesses in China.
  - In the case of a sickness in which there is not an existing file, the nurse will contact the hospital to determine appropriate steps to provide safety for the healthy students in the class.

### Continued Enrolment and Re-enrolment Policy

#### Secondary School

Throughout the school year a student's progress will be evaluated using the following criteria:

- Number of Detentions
- School attendance
- Progress Reports
- Academic progress
- General attitude
- Support and cooperation of parents

Students with less than a 2.0 GPA or more than one “F” for any semester will be placed on academic probation for the next semester. Students with less than a 2.0 GPA or more than one “F” for the probationary semester may not be eligible for continued enrolment.

Students who have demonstrated through detentions, progress reports and poor attitude a lack of interest in being at OX TLC will be interviewed by the Administration. A poor attitude may be reflected through a lack of compliance with the dress code, response to discipline, respect for authority, etc.

After this interview, a conference with parents will be scheduled. Students may be placed on probation with enrolment for the following year withheld until a review of the student’s progress has been evaluated.

Any student expelled from school, or allowed to withdraw in lieu of being expelled, will not be allowed to apply for re-admission for at least one calendar year. Re-enrolment would not be available until the Fall following the one calendar year out of school. Any student allowed to reapply must meet all entrance requirements including entrance testing, interviews and Admission Committee meeting. Requests for re-admission should be made in writing to the Head of School. The Head of School and the School Board of Directors shall make consideration for re-admission. The school reserves the right to deny re-admission, admission, or continued enrolment to any student whose actions demonstrate that it is not in the school’s best interest to allow admission, readmission or continued enrolment.

### **Core Values**

Academic success is achieved when our teachers transfer their love of learning to their students. Classroom teaching in conjunction with a desire to model intellectual honesty and freedom from our faculty promotes lifelong learning among our students.

Social success is achieved by expecting our students to treat each other with respect. Our faculty will model appropriate behavior and train students specifically how to treat their classmates and teachers with respect.

Spiritual success is achieved by engaging students from a variety of religious backgrounds and exposing them to absolute truth. Because of the absence of a religion curriculum, our faculty is trained to integrate their faith into every subject they teach.

Physical success is achieved through a holistic program that teaches students how to achieve a healthy lifestyle. This happens primarily through our health and physical education program but extends to our institutional standards on what our students eat.

### **Crisis Handbook: See Appendix 3**

### **Cumulative Student Folders**

OX TLC maintains a cumulative student folder for each student. The Secondary Secretary, Secondary Registrar, Elementary Secretary, and Elementary Registrar under the supervision of the school Principals are responsible for all education records.

These records will include registration form, copy of student’s passport, copy of parents’ passports, immunization records, report cards, reading assessments, permanent academic records, reference

letters and discipline records. All information maintained related to students and faculty is held in trust by the administration.

OX TLC International School forwards student records upon request of the parent or the school in which a student intends to enroll.

Individuals who have legal responsibility for the student may have access to the student records. Any parent desiring records inspection pertinent to their student will address the request to the appropriate principal or the president in writing. Such a request must be honored within 15 working days. After the records inspection, the notation of this review will be registered in the record. The records file must be viewed in the presence of designated personnel. No materials, test scores, or evaluations may be removed from the file without the permission of the Chairman of the Board.

Upon withdrawing from the school or a school transfer, the student records will be sent to the accepting school upon their request. No records will be released to parents or guardians without the Chairman of the Board's approval and financial clearance from the business office.

### **Custody**

OX TLC International School presumes that both parents share legal custody and share the right to make educational decisions regarding their child. However, when a dispute arises, appropriate documentation needs to be submitted to the Registrar. The parent with legal custody must submit a signed copy of the court order describing the restricted rights. A parent will only be prohibited from participating in his/her child's education if there is a signed court order.

### Discipline Plan

The goal of the discipline plan at OX TLC is to ensure an atmosphere where learning is safe and enjoyable for all students. OX TLC desires to train students how to live and learn in a community that is built around respect. With that principle in mind, OX TLC has structured the discipline policy around five Core Values created to take students beyond adherence to rules to developing habits for their lives. Understanding that institutional rules are necessary, each classroom teacher will explain and display classroom standards for each student to follow. Each classroom standard is derived from a Core Value so our students will understand why each standard is necessary to achieve our Core Values.

- Have Integrity in my Academics – Students will take pride in completing their work to the best of their ability.
- Obedience to my teacher - Students will respond in immediate obedience to the teacher.
- Stewardship of our facility - Students will treat our facility with care.
- Respect to my classmate - Students will respect their classmate’s person, possessions, and feelings
- Timely in my attendance - Students will learn time management skills and discipline themselves to be considerate of other people’s time.

Each teacher will establish rules for the classroom consistent with school wide rules. These rules are to be for observable behaviors, which can be understood by the students. Each teacher states the consequences of negative behavior in a concise manner.

### School Discipline Code

Minor breaches of conduct will be handled by the classroom teacher.

Serious Disciplinary Breaches of Conduct Procedure:

When it is necessary to impose consequences and punishments for the violation of classroom and core values, school administrators and teachers will follow a progressive discipline process. A progressive discipline policy varies the degree of discipline to be imposed by each school official in proportion to the severity of the misbehavior of a student and will consider the student’s discipline history, the age of the student, and other relevant factors. Different strategies will be incorporated to motivate students to change behavior when needed. OX TLC reserves the right to set discipline at whatever level it deems appropriate based on the offense including, but not limited to, admonition, counselling, probation, suspension, and expulsion.

### Cheating and Plagiarism

Stealing violates a core moral principle at OX TLC International School, and society in general. Plagiarism is the theft of ideas, written, or visual expression. Plagiarism is viewed as Level 2 Disciplinary Offense and can result in suspension from school. Students who are guilty of plagiarism will receive the following consequences:

- **First Offense-** The student will complete a plagiarism assignment given by the teacher. After completing the plagiarism assignment, the student will be allowed to re-do the plagiarized work but will receive a maximum mark of 75.
- **Second Offense-** The student will not receive credit for the plagiarized assignment. The student will serve time in In-School Suspension as determined by an administrator.
- **Third Offense-** The student will receive an Out-of-School suspension. No credit will be issued for coursework missed. The student’s actions will be reviewed by the Board of Directors to determine if the student can remain at OX TLC.

### Test/Quiz cheating policy:

The assignment will be retaken with the starting grade for that assignment being a **C (75)**. The offending student will have behavior consequences issued by the appropriate principal. The principal

will contact parents when the incident is reported and confirmed.

## Bullying

### Definition of bullying

In the context of these procedures, bullying is defined as unwanted negative behavior, verbal, psychological or physical conducted by an individual or group against another person (or persons) and which is repeated over time.

The following types of bullying behavior are included in this non-exhaustive definition:

1. deliberate exclusion, malicious gossip and other forms of relational bullying.
2. cyber-bullying; and
3. identity-based bullying such as homophobic bullying, racist bullying, and bullying of those with disabilities or special educational needs.

In addition, in the context of these procedures placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behavior.

Isolated or once-off incidents of intentional negative behavior including a once-off offensive or hurtful text message or other private messaging do not fall within this definition of bullying and should be dealt with, as appropriate, in accordance with the school's code of behavior. A single incident can have a serious effect on a pupil and may also constitute harassment which is legally prohibited in schools under equality legislation. Harassment is any form of unwanted conduct related to any of the eight discriminatory grounds (gender including transgender, civil status, family status, sexual orientation, religion, age, disability, and race).

### Types of bullying

The following are some of the types of bullying behavior that can occur amongst students:

1. **Physical aggression:** This behavior includes pushing, shoving, punching, kicking, poking and tripping people. It may also take the form of severe physical assault.
2. **Intimidation:** Some bullying behavior takes the form of intimidation: it may be based on the use of very aggressive body language with the voice being used as a weapon. Particularly upsetting can be a facial expression which conveys aggression and/or dislike.
3. **Isolation/exclusion and other relational bullying:** This occurs where a certain person is deliberately isolated, excluded or ignored by some or all the class group. This practice is usually initiated by the person engaged in bullying behavior and can be difficult to detect. It may be accompanied by writing insulting remarks about the pupil in public places, by passing around notes about or drawings of the pupil or by whispering insults about them loud enough to be heard. Relational bullying occurs when a person's attempts to socialize and form relationships with peers are repeatedly rejected or undermined. One of the most common forms includes control: "Do this or I won't be your friend anymore" (implied or stated); a group ganging up

against one person (girl or boy); non-verbal gesturing; malicious gossip; spreading rumors about a person or giving them the “silent treatment”.

4. **Cyber-bullying:** This type of bullying is increasingly common and is continuously evolving. It is bullying carried out using information and communication technologies such as text, social network sites, e-mail, instant messaging (IM), apps, gaming sites, chatrooms, and other online technologies. Being the target of inappropriate or hurtful messages is the most common form of online bullying. As cyber-bullying uses technology to perpetrate bullying behavior and does not require face to face contact, cyber-bullying can occur at any time (day or night). Many forms of bullying can be facilitated through cyber-bullying.
5. **Name calling:** Persistent name-calling directed at the same individual(s) which hurts, insults, or humiliates should be regarded as a form of bullying behavior. Often name-calling of this type refers to physical appearance, e.g., size or clothes worn. Accent or distinctive voice characteristics may attract negative attention. Academic ability can also provoke name calling. This tends to operate at two extremes. There are those who are singled out for attention because they are perceived to be weak academically. At the other extreme there are those who because they are perceived as high achievers, are also targeted.
6. **Damage to property:** Personal property can be the focus of attention for bullying behavior. This may result in damage to clothing, mobile phone or other devices, schoolbooks and other learning material or interference with a pupil’s locker or bicycle. The contents of school bags and pencil cases may be scattered on the floor. Items of personal property may be defaced, broken, stolen or hidden.
7. **Extortion:** Demands for money may be made, often accompanied by threats (sometimes carried out in the event of the targeted pupil not delivering on the demand). A pupil may also be forced into theft of property for delivery to another who is engaged in bullying behavior.

### **Consequences of bullying:**

If a student or students, after proper investigation, is found to have engaged in bullying that student shall be subject to the consequences of his or her actions as identified in the sub-section, “Consequences when the disciplinary code is violated.”

### **Sexual Harassment**

OX TLC International School is committed to providing all students with an environment that is free of sexual harassment. Therefore, OX TLC International School strictly prohibits all forms of sexual harassment. Sexual harassment includes and is not limited to: unwanted sexual advances; making or threatening reprisals after a negative response to sexual advances; visual conduct: leering, making sexual gestures, displaying of sexually suggestive objects or pictures, cartoons, or posters; verbal conduct: making or using derogatory comments, epithets, slurs, and jokes; verbal sexual advances or propositions; verbal abuse of a sexual nature, graphic verbal commentaries about an individual’s body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes, or invitation; and physical conduct: touching, assault, impeding, or blocking movement. Reports of sexual harassment in the student body will be investigated by the appropriate principal. If the case is found to be valid, disciplinary action will be taken against the student in the way of expulsion or suspension.

Students involved in any serious breach of conduct listed above may be subject to immediate out-of-school suspension, expulsion, restitution, or other appropriate consequence.

The school follows the discipline procedures as outlined. However, there are circumstances in which the school administration and/or the School Board may determine, in their sole discretion, that it is appropriate not to follow progressive discipline steps. In cases in which a student has engaged in egregious, immoral, or other unacceptable behavior, the school reserves the right to suspend or expel the student immediately.

### **Consequences when the disciplinary code is violated**

A student may not be deprived of his or her meal during detention. A student must be monitored during detention.

**Suspension:**

Depending on the severity of the infraction a student may be assigned either In-School Suspension or Out of School Suspension. Students who are suspended may not participate any extra-curricular activities sponsored by the school.

- **In-School Suspension:**  
A student is assigned to location that is monitored by faculty or staff member. The student may not have any social interaction with other students while assigned to I.S.S. The student can complete all assigned work without penalty. The student must obey the rules of In-School Suspension.
- **Out-of-School Suspension:**  
A student who is assigned out-of-school suspension is not allowed to be on the school campus. Work may be assigned to the student to complete at home but must be completed and turned in upon return to campus.

**Expulsion:**

Expulsion of a student is determined by the appropriate principal. Expulsion may occur after a student commits several serious breaches of conduct or the breach of conduct is of a nature that the breach requires the removal of the student. The Head of School will report to the Chairman of the Board when a student is expelled.

In determining a student's level of discipline for a serious breach of conduct, administrators may consider the student's prior disciplinary record, parental involvement in further discipline at home, the student's attitude, the student's desire to repent, and impact of the breach of conduct on the OX TLC International School community.

### Student Conduct at Sporting Events

- Student conduct at sporting events should be consistent with behavior during regular school hours. Students are expected to observe the following guidelines during sporting events: Display respect for people and property of both schools; derogatory remarks and inappropriate gestures should never be expressed to players, coaches, spectators, or the officials.

### Conduct Probation

- OX TLC International School seeks to teach students holistically. Some of this training is to help students understand how their behavior affects those around them in an instructional setting. Conduct probation provides an avenue for the student who needs a measure of grace and direction.
- Conduct probation is a period of time as determined by the principal during which students are to correct previous behavioral problems.
- Students may be placed on conduct probation whenever there is clear evidence that the student falls below minimum OX TLC International School behavioral standards. This may be identified as an accumulation of office visits, detentions that lead to suspension, a serious violation accompanied by a history during the current school year of numerous detentions or discipline referrals, or other circumstances deemed inappropriate by the principal.
- Students on Conduct Probation are ineligible for extracurricular activities.
- If a student does not show satisfactory improvement to meet OX TLC International School standards, the student may be asked to withdraw at the end of the probationary period.

At the end of an employment contract, OX TLC has no obligation to offer a new contract. No dismissal procedure' is necessary.

### Behavior Intervention Sequence

1. Behavior problem appears
2. Core teacher implements appropriate intervention strategies (mindfulness corners, logical consequence, etc.)
3. Behavior problem continues
4. The teacher meets with the student (one or more times) to discuss the behavior issue and potential solutions. The student completes a problem-solving form and turns it in to the teacher.
5. Behavior problem continues
6. The teacher contacts the parents and informs them of the situation and explains the next step
7. Behavior problem continues
8. The teacher turns in an office referral form with the problem-solving form(s). Supervising principal and student problem solve together, and parents are informed that ISS is the next step. The supervising principal observes the teacher and student to identify effective behavior strategies to help improve the situation.
9. Behavior problem continues
10. Office referral, parent contact, ISS
11. Behavior problem continues
12. Office referral, 2<sup>nd</sup> ISS, and the child is referred for counselling

## Documentation and Preparation Fee

If parents are requesting extra documents, that are not within a standard OX TLC packet, an additional fee would be added at the discretion of the Head of School.

## EFL Assessment

### Assessment Goals- Using Fountas and Pinnell Reading Assessment

Grade Level	Mainstream end of year Goal	EFL needed next year	Possible retention (2 <sup>nd</sup> year EFL students)
1 <sup>st</sup> grade	H	Below H	Below F
2 <sup>nd</sup> grade	L	Below L	Below J
3 <sup>rd</sup> grade	N	Below N	Below L
4 <sup>th</sup> grade	Q	Below Q	Below P

## EFL Mainstreaming Procedure

If an EFL teacher believes that a student is ready to be mainstreamed, the teacher will fill out the EFL Mainstream Form and discuss the mainstreaming possibility with the core teacher and supervising principal. Students must meet all of the goals listed on the EFL Mainstream Form for mainstream entry. The mainstreaming must be approved by the supervising principal.

## EFL Program

Incoming students of OX TLC International School will be assessed before admittance to determine the correct class placement. Students from first grade and above who lack English proficiency will be required to undergo the English as a Foreign Language (EFL) program. Students will attend the EFL class according to their grade level during language periods such as reading, spelling, phonics, and language arts. The class size is kept to a maximum of 12 students, ensuring sufficient attention and care is given to every learner.

The EFL program begins with laying out the foundation in phonics wherein students will learn letters and sounds. Listening/Speaking, Reading, Writing, Grammar and Vocabulary will be acquired correspondingly. The simplified method of teaching will allow students to gain self-confidence, unlike in a regular classroom setting where native English speakers could overwhelm them.

Students in the EFL program will be in their regular homeroom class for other academic subjects. This is a good opportunity for them to be immersed in the language in various contexts. Students enrolled in the EFL program will receive accommodations in other content areas as needed.

First year students in the EFL program will only be graded in EFL and Math class. Students who require more time in the EFL program, will receive grades in all other academic subjects other than Reading and Language Arts.

Expulsion is the denial to a student of the right to attend school, to take part in or to attend any school function. It is the responsibility of the Head of School to make the final decision regarding the expulsion of any student. If a student's conduct is serious enough to merit a recommendation of expulsion by the administration, the following procedures will be followed:

- The administrator will communicate with the student and parent/guardian to summarize the reason(s) for a recommendation of expulsion.
- The administrator will notify the Head of School as to his/her recommendation. A date and time will be established for the Head of School to hear the recommendation and all involved persons so notified.
- The Head of School will then meet with the administrator, involved teacher, parent/guardian and student for a hearing. The Head of School can choose to meet with the people involved individually or as a group.
- The Head of School will make a final decision regarding the expulsion with the confirmation of the school board.
- The Head of School will notify the Parents and Students, Teacher and Administrators of the final decision.

## Extracurricular Activities Policy

Participating in extracurricular activities (sports and other extracurricular activities) is a privilege that carries with it a set of responsibilities. For a student to participate in extracurricular activities a student must:

- A student must have at least all “C’s” to participate in an extracurricular activity representing OX TLC International School.
- A student with either a D or a F in any class, is automatically ineligible from full participation in an extracurricular activity and will be placed on “probation”.
- Grades are taken from the most recent report card or progress report.
- No disciplinary referrals that have resulted in In-School Suspension or Out of School Suspension.
- No excessive absenteeism.
- Students absent from school cannot participate with the team in practice or games on that day. A student is absent if he or she misses the first four full periods of instruction.
- At the beginning of each sport’s season or extracurricular activity the coach or sponsor must submit an eligibility request to the counsellor’s office. Students who are ineligible may not participate in the activity; including, but not limited to try-outs, practices, rehearsals, scrimmages, and games; until eligibility is met.
- Probation is for at least one week and the student will be placed on a monitored, weekly grade report. A progress report is issued and reviewed once a week with possible full reinstatement beginning on the following school day.
- An ineligible participant’s grades and conduct will be reassessed each Friday morning. If the student has regained his or her eligibility the student may participate beginning the next day.
- Ineligibility is from Saturday-Friday Morning.
- If a student is ineligible for a total of three weeks during a season they will be dismissed from the team.
- Students on probation may not partake in practice or away games. They may sit with the team at home games if it does not cause the student to miss classes.

Any OX TLC International School athlete who displays unsportsmanlike conduct, including, but not limited to the use of profane language or gestures, fighting, overt disrespect for the game officials, opposing coaches, or players, may be removed from the game by the coach. The player may be suspended from further games as determined by the coach, athletic director, and school administration. Depending on the severity of the offense, the school reserves the right to remove the athlete from the team for the remainder of the season. A second offense may result in a removal from the team.

Any student receiving an in-school or out-of-school suspension during the activities season will not be permitted to practice or travel with the team for a time equal to the length of the suspension. The athlete is not allowed to participate in the next scheduled competition or performance. A second suspension in

the same school year may result in a suspension from participation for the remainder of the school year as determined by the athletic director and school administration.

All students wishing to try-out for or participate in intramural and interscholastic sports, must present the following documents to the Athletic Office:

- Athletic Agreement – Appendix I

#### Attendance Requirements

#### Scheduling of games

- The Athletic Director or administrative designee will schedule games in each season.

Tuition is calculated on the basis of the entire year; therefore, no reductions can be made for vacations or school holidays. If a student leaves the school for any reason, or enters after the school year has begun, charges are prorated according to actual number of days enrolled. No deduction will be made for tuition for absence during the school year regardless of a cause of such absence. ### Field Trip Policy & Procedures

OX TLC is structured to provide a safe place for children to explore; however, other environments off-site are not always as child-friendly or safe. It is important to make outings as safe as possible while allowing children to learn from their experiences in a variety of settings.

Procedures and Protocols for field trips:

1. All students have signed parental permission for trips.
2. All trips are supervised properly.
3. All safety precautions are observed throughout the trip.

This policy is in force anytime children are away from the property of OX TLC.

- OX TLC Office will notify parents in advance of all field trips requiring transportation and any other special arrangements necessary.
- A parent or legal guardian will sign an informed consent form for all field trips requiring transportation and will be responsible for any fees.
- A well-stocked first aid kit along with the children's emergency contact numbers will be taken on off-site activities.
- At least one staff person with current First Aid and CPR certification must accompany children on off-site activities.
- Field trips will be planned as part of the overall curriculum and/or children's interests and will provide learning opportunities through hands on participation.
- Whenever possible, an OX TLC representative will visit the site ahead of time to determine the safety of the location, what experiences the children may gain along with age-appropriateness and to plan the route of transportation.
- Additional staffing may be needed to provide adequate supervision and will be scheduled ahead of time for these off-site activities.
- Children will be counted before leaving OX TLC, during the field trip, and again at the time of departure for return to school to ensure that all children are accounted for.
- At least one staff member will have a cell phone in case of emergency on all off-site activities.
- A homeroom teacher will be assigned to each group of children.
- A staff member will always accompany children to a public restroom.
- While on walking trips the staff will model pedestrian safety and teach the children to only cross at the corner, when traffic signals indicate it is safe, and only after looking left, right and left again.

- Teachers will keep younger children together on walking trips with the aid of a travel rope (a knotted rope) that the children hold onto which is stretched between 2 teachers while they walk. Children may also hold the hand of an adult or use another means that keeps the child physically connected to an adult at all times.
- If a child has medication needs, an OX TLC Nurse will be responsible to take and administer the medication as needed.
- For safety reasons, Elementary students are required to wear OX TLC vests on all field trips.

All field trips are subject to the approval of the administration. OX TLC International School does not sponsor nor endorse any end of the year Senior Field Trip and Seniors are encouraged to participate in Week Without Walls.

Funding for field trips will be paid by the student for each field trip. Fees should also cover the cost of the field trip, transportation and any teacher participation.

Teachers are responsible for supervision, safety, and security needs of students.

Teachers will communicate with parents concerning all field trips. Parents must sign permission slips for students to participate in the field trip.

### **Final Exam Exemption Policy**

As a reward for excellent attendance or academic performance, G9-G12 students can exempt final exams if they meet the following criteria:

- Academic: The student must have an A (non-rounded grade) on each academic quarter's report card. The student must have an A (non-rounded grade) in the fourth quarter.

Opt-In: Students who are eligible to exempt an exam may choose to take the exam without the risk of lowering the final average. The exam can improve the average but cannot lower it.

Important Notes:

- If a parent wants their student to take the final exam, then the student must take the final exam.
- Students who are eligible to exempt an exam must turn in textbooks prior to the exam day.
- Students must have clearance from their core teacher that they have no books outstanding from the library, that have not been returned, before checking more books out.
- Final Exams may not be given earlier than the designated dates.
- Transportation to school will be the student's responsibility if they have exempted an exam scheduled for the first exam period but not exempted an exam for the second scheduled period.

### **Financial Aid Grants Emergencies**

Emergency Financial Aid may be given to a family experiencing a temporary financial crisis. The application will be reviewed by the Office Manager and the Head of School. The request, if accepted, will be for a minimum period of one month and not to exceed six months. Parents should complete the Financial Aid Request form before arranging a meeting with Office Manager and the Head of School.

### **Financial Aid Grants Objectives**

OX TLC financial aid serves to allow more families who desire to be educated at OX TLC but cannot afford full tuition and fees the opportunity to attend.

A mission of OX TLC is to use education to impact the international community with the Truth. This is done both by serving international Christians and by being a light to the unsaved international community.

### **Financial Aid Grants Policies**

OX TLC International School will assist all who have made request and qualify for a Financial Aid Grant within budget limitations.

The maximum Financial Aid Grant is 15% off Tuition.

Financial Aid is available for kindergarten through twelfth grade. Students in the early education program who have siblings currently enrolled in OX TLC International School may also be considered for Tuition Aid.

Financial Aid could be discontinued because of:

- Failure to keep tuition payments current
- Student behavior requiring serious disciplinary action
- Lack of financial need
- Breach of confidentiality concerning financial aid

### **Financial Aid Grants Procedures**

- Financial Aid Grants are to be requested by formal application for each school year
- A Financial Aid Application (Appendix V) will be completed before any discussion of financial aid occurs.
- The Financial Aid Application is sent to the Head of School to review and discuss with Administrative Team.
- Once the determination of Financial Aid has been determined, the Head of School will return with the awarded financial aid to the Accounts Department.
- The Accounting Staff will communicate to the applying family the awarded financial aid in a new invoice.

### **Financial Aid Grants Special Conditions**

OX TLC will allow third party families or individuals to provide direct financial aid to cover any cost related to a student.

Any family participating in any type of Financial Aid program must sign a confidentiality pledge. The amount or type of assistance they are receiving may not be disclosed to anyone not authorized by OX TLC International School to receive this information. The family must sign this pledge before receiving any benefits. If OX TLC International School verifies that this information has been shared, the family will no longer qualify to receive any reduction of tuition as long as their student is enrolled in OX TLC International School.

The Head of School, with the approval of the School Board, under extraordinary circumstances, may waive registration fees and tuition fees for a limited amount of time.

## Grading and Grade Reporting

The primary intent of every academic course is to effect student growth. Growth may be evidenced by retention and utilization of information, the demonstration of skill proficiencies, and understanding and application of concepts. Purposes of grading are to:

- Provide an assessment of the student's achievement in relationship to the curriculum.
- Provide an opportunity for teachers to identify areas of needed improvement in order to facilitate instructional assistance.
- Recognize excellence and achievement.
- Provide information to teachers and principals for appropriate student placement.
- Provide information to secondary agencies concerning student accomplishments.
- OX TLC International School provides to parents at the end of each nine weeks a grade report on the academic progress for their student. Interim grading reports will be issued as needed. Grade Reports will be issued at the end of each semester and then added to the student cumulative record. Grade books and lesson plans will be retained for two years.
- A final report card will be issued at the end of each school year that reflects a student's cumulative average(s) for the grade or courses. The final grade will be recorded on a student's grade transcript.
- See Appendix 8: Grading Scales

OX TLC students earn 1 Carnegie credit for each full time, two-semester course completed and a 0.5 credit for any single semester course completed successfully. OX TLC adapted this standard for credits, as all American universities recognize Carnegie credits as a strong representation of work completed by a student. Students must earn 26 credits to earn a College Prep diploma, 22 credits to earn High School diploma or 18 credits to earn the Certificate of Completion. Total credits of College Prep Diploma and High School diploma meets or exceeds what most universities in the United States will require.

## Head Lice

Head lice are tiny grey to brown insects about the size of a sesame seed that live in human hair and must feed on human blood to survive. They lay tiny white oval-shaped eggs about the size of a knot in a thread, called nits that attach to strands of hair close to the scalp. Although it's hard to see head lice, you can see the nits if you look closely. Nits are most often found in the hair behind the ears and at the back of the head and neck. The first sign of lice is itching of the head, which is caused by the bite of the head lice. Head lice do not spread disease Any child can get head lice. Head lice happen mostly with elementary school-aged children. Children get lice from other children through head-to-head contact during play or sports or nap time, and most often in school settings. Sharing combs, brushes, hair accessories, hats, or lockers can spread head lice. You can't spread nits...only live lice.

Students diagnosed with live head lice do not need to be sent home early from school; they can go home at the end of the day, be treated, and return to class after appropriate treatment has begun.

## The School's Responsibility

Head lice are transmitted through close person-to-person contact. Head lice cannot fly, but only crawl and can also be transmitted through sharing personal belongings like brushes, combs, helmets, and hats.

## **Prevention:**

The school will take the following measures to avoid getting head lice in the classroom:

- Desks should be spaced a part, so children are not sitting shoulder to shoulder.
- Children with long hair should be encouraged to tie it back.
- Have separate pegs for coats and hats. Children shouldn't hang coats and hats on top of those of other children or pile them on top of each other.
- Ensure ample space between children in lines or when working together as groups.
- Minimize shared use of headgear such as earphones, helmets and clothing (such as concert costumes). Hand-vacuum these items between users.
- Make sure that the health curriculum of all pupils contains information about head lice and how it is identified, transferred and treated.

**Intervention:**

If a student is suspected of having head lice, the student should be respectfully taken to the school nurse for a private examination. The examination will be performed by using a louse comb. If lice are found to be present in a student's hair the parents will be notified by phone or electronic means that head lice were detected on their student. A letter will be sent home with the student detailing treatment methods. Parents of other students in the classroom should be notified by letter also so parents may inspect their student's hair. Students do not need to be sent home in the middle of the day for head lice. A student may return to school after one treatment.

**Parents' Responsibility**

It is the expectation of parents/careers and families attending this school that you will:

- Check your children's hair for head lice weekly, at home, using the recommended conditioner/combing detection method.
- Not allow your child to attend school with untreated head lice.

- Maintain a sympathetic attitude and avoid stigmatizing or blaming families who are finding it hard to control head lice.
- Act responsibly and respectfully when dealing with members of the school and broader community around issues of head lice.
- Sign an agreement accepting the terms of the School Head Lice Policy contained in the Parent-Student Handbook.

**Health and Safety****Illness**

If a student becomes ill or is injured at school, the student should be seen by the school nurse for documentation purposes and to assess the seriousness of the injury or sickness. In the case of emergencies, the school will act in the best interest of the student until the parent or guardian can be contacted. Students who have a fever or vomiting or diarrhea in the morning should not be sent to school. Students should be fever free for 24 hours prior to sending them back to school.

The School Nurse will take the students temperature to identify fever. A fever is defined as a temperature of 99.5 degrees Fahrenheit (37.5 degrees Celsius) and higher. Upon detection of a fever the nurse should contact the parents and require that the parent come and collect the student. Students who have vomited in school or who have diarrhea whilst in school should also be sent home.

## **Immunizations**

(Faculty Handbook and Parent/Student Handbook)

OX TLC International School requires immunization records for all students who enroll. We desire to provide an environment that is safe for all students, so it is necessary for us to obtain a record of what immunization has been obtained for each child enrolling. If a family has chosen to not immunize their child for religious or other reasons, a waiver must be signed and submitted to the Registrar for the student's record.

## **Medications**

Authorization slips from parents with verification of dosage must be filled out and recorded by the office of the school nurse. All prescribed medications are kept in a OX TLC nurse's office, and students are to come to the office to take the medications. No student is to give or sell medications to another student. Violations will result in disciplinary actions. The school's nurse will maintain appropriate records and when medication is complete, records will be sent to be stored in the student's cumulative file.

## **Medical Emergency**

In the event of medical emergency, OX TLC will contact the parents immediately, when possible, to determine the desired course of action. Should time not permit, or should we be unable to reach the parents, OX TLC administration will act in accordance with our best judgment.

If a medical situation arises involving a student, the core teacher will send the affected student to the school nurse and notify the appropriate principal. The school nurse will check the student information sheet to ensure that OX TLC has documented consent to provide treatment. The school nurse is responsible to communicate to parents, in conjunction with the school principal, depending on the severity of the situation. If an emergency situation requires a hospital visit, OX TLC will provide transportation to the hospital visit at the discretion of the school nurse and administration.

## **High School Credits**

OX TLC International School students earn 1 Carnegie credit for each full time two semester course completed and a 0.5 credit for any single semester course completed successfully. OX TLC International School adapted this standard for credits, as all American universities recognize Carnegie credits as a strong representation of work completed by a student. Students must earn 26 credits to earn a College Prep diploma, 22 credits to earn high school diploma, or 18 credits to earn the Certificate of Completion. This number of credits meets or exceeds what most universities in the United States will require.

## **History of OX TLC International School**

OX TLC International School was started by Dr. and Mrs. Craig Kempf after decades of experience in teaching and administrating in American school settings. They came to China in 2002 invited by a local university to lead their English Training Department. However, after some exposure to the local international schools in Dongguan, they felt there was still an unmet need in this age bracket as well. A small group of expatriate families who were looking for a school for their children approached the Kempfs. They wanted to find a school that would teach strong moral character as well as hire teachers with a loving approach and strong grasp on truth. Trinity Learning Center began with those three families and their children in a couple of small apartments. But it didn't take long for other families to find out about it and want their children to benefit from this nurturing environment using a structured curriculum and building the foundation for students to one day thrive at international universities, studying completely in English.

The school quickly outgrew the small apartments and moved into the Splendid Land clubhouse building that was largely vacant at the time. Due to word-of-mouth advertising because of outstanding results seen in their children, only a couple of years passed before the student body had also outgrown the clubhouse facilities and a middle school and high school facility was needed. A new campus was found near DaLingShan town where the fifth grade and above were able to begin study.

In 2013-2014, Trinity Learning Center became OX TLC International School with 35 foreign teachers, over 100 total staff members and a total student body of over 350 students. OX TLC now has ACSI accreditation and is anticipating completion of WASC accreditation. In 2015, OX TLC graduated it's first class. In 2016 OX TLC moved to a new campus in Niushan combining both the elementary and secondary schools at one location.

## Holidays

OX TLC International School observes the following holidays: Mid-Autumn Festival, National Day, Thanksgiving Holiday, Christmas Holiday, Chinese New Year, Tomb Sweeping Holiday, Easter Holiday, Labor Day/May Holiday, and Dragon Boat Festival.

Students and faculty should avoid taking regular absences for the purpose of vacation before or after the conclusion of holidays.

## Homework Policy

Homework can be regular assignment provided the assignments are reasonable, and contribute to the child's education through individual work, responsibility, comprehension, completion of projects, and the establishment of good study habits. Students are expected to complete all homework assignments. Late assignments may receive an academic penalty determined by the teacher. The completion of homework assignments may be recorded by the instructor and included in the evaluation of the student's progress. Homework is defined as out-of-class preparation in a given subject area which is assigned by a student's teacher. To respect family time, no required homework will be assigned on Fridays, weekends, or holidays at the Elementary and Middle School levels.

### Library Check-Out and Curriculum

All students grade K5-5<sup>th</sup> visit the library weekly at scheduled times. During this time, K5 students may chose a book to take to their classroom, and 1<sup>st</sup>-12<sup>th</sup> grades may check out books to take home. Students are responsible to take care of their books and return them within the three-week checkout period. The number of books that may be checked out by a student are as follows:

K5 = 1 book (to be kept in the classroom)

1<sup>st</sup>-5<sup>th</sup> = 2 books

5<sup>th</sup>-12<sup>th</sup> = 3 books

Should a student need a book longer than three weeks, the book will be renewable one time, allowing the student to keep the book for a maximum of six weeks. If the book becomes overdue, there will be a one-week grace period without fines. Fines will begin seven days after the due date and will be 0.1 RMB per day past the grace period. Should a student lose a book or part of a book be damaged beyond repair, the student will be charged a lost book charge:

Elementary students: 50 RMB/book

Secondary Students 100 RMB/book

There is no charge for minor, repairable damage.

### Lost and Found

All lost and found items will be collected and placed in designated Lost and Found in building B.

### Make-Up Work

When students are absent from school because of an excused absence, teachers will allow students to make up all assignments within a reasonable timeframe without penalty.

If students miss days due to a behavior consequence, the teacher may place a letter grade penalty for all assessments not turned in on the day of absence due to behavior.

The classroom teacher in conjunction with the supervising principal will assess absences that are unexcused but are not the result of a behavior consequence to assess the length of time required to make up all work and assessments before a penalty occurs.

If the absence falls during a report card period, the student will receive an incomplete (I) until all work has been made up and all assessments have been completed.

### **Media Consent**

OX TLC will assume consent from parents to include any pictures, videos, student work or other media representations of students or teachers while at school and participating in school activities unless parents have asked for their students to be exempted from allowing their student to be included in publications including but not limited to yearbook, advertisements, websites, etc.

### **Medical Emergency**

In the event of medical emergency, OX TLC will contact the parents immediately, when possible, to determine the desired course of action. Should time not permit, or should we be unable to reach the parents, OX TLC administration will act in accordance with our best judgment.

### **Medication Policy for Non-Prescribed Drugs**

Students will not bring any non-prescribed medication to school unless it is absolutely necessary. If an elementary student must bring a non-prescribed medication to school, the medication must be kept in the Nurse's office. An authorization slip from parents with verification of dosage must be filled out and recorded by the Nurse. The Nurse will maintain appropriate records.

Secondary students are responsible for taking the medication as necessary. The medication will be stored in the Nurse's office.

No student may at any time give medication to another student. If a student does give medication to another student, all privileges to take non-prescribed medication at OX TLC International School will be forfeited plus further disciplinary action may be taken.

### **Medication Policy for Prescribed Drugs**

Authorization slip from parents with verification of dosage must be filled out and recorded by the office of the school nurse. All prescribed medications are kept in an OX TLC International School nurse's office, and students are to come to the office to take the medications. No student is to give or sell medications to another student. Violations will result in disciplinary actions. The school's nurse will maintain appropriate records and when medication is complete, records will be sent to be stored in the student's cumulative file.

### **Mission Statement**

The mission of OX TLC International School is to plant seeds of knowledge that can grow to equip students academically, socially, physically, and spiritually for temporal and eternal success.

## **Motto**

Seeds for Success

## **Parent/Teacher Conferences**

School-wide parent-teacher conferences are held at the beginning of second and fourth quarter. Reference the school calendar for conference dates.

## **Parent/Teacher Relationships**

The desire of OX TLC International School is that teachers maintain an open and regular line of communication with the parents. Teachers should set clear expectations for communication via Email or ClassDojo with parents within the first two weeks of school.

## **Parent and Student Agreement to Handbook**

Parents or guardians and Secondary School students must annually sign the contract in the OX TLC International School Parent/Student Handbook.

Failure to sign and return the handbook contract to the OX TLC International School office may result in the termination of the student at OX TLC International School.

## **Philosophy**

Education is more than intellectual development. True education develops the mind, body, spirit and social skills of the child. Children at OX TLC learn cooperation, integrity, respect, creativity, and self-discipline. Positive values and behavior are rewarded in an environment that provides a safe-haven for children to attempt new challenges without fear of failure.

## **Plagiarism Policy**

When there is an incident of plagiarism, the student will be given an assignment to be completed during in school suspension. (ISS) The student will write a correctly documented paper on the definition of plagiarism and penalties for plagiarism from four major universities (two secular universities and two Christian universities) and include a section on how to avoid plagiarism. This assignment will take precedence over all other work during ISS. The student will be ineligible for extracurricular activities on the day of ISS and cannot resume activities until the assignment is completed correctly. All missed work from the day of ISS can be made up with no grade penalty. The student will also correct the plagiarized assignment. The starting grade for that assignment will be a C (75%) and then graded for content and structure from that point. The plagiarism will be documented in the student's disciplinary file and communication will go out to parents/guardians. Repeat offenses of this nature will result in additional consequences which could include academic probation or expulsion.

## **Promotion and Retention**

OX TLC International School weighs carefully the following factors when deciding to promote or retain.

- Elementary and Middle School
  - Chronological age
  - Developmental readiness
  - Past retention
  - Level of academic progress
    - Testing scores – Formal assessments (MAP assessments)
    - Report card grades

  - Teacher recommendation

Elementary level students must successfully complete the core curriculum of the current grade before promotion to the next grade level. Any exceptions are at the discretion of the principal in consultation with the teacher and guidance staff.

- High School

Students must satisfactorily complete courses with a minimum passing grade to receive credit for the class. Students receiving failing marks in core classes will need to successfully complete the class before taking the next class. (For example, a student must complete Algebra I before attempting Geometry.) Due to scheduling constraints students may be required to re-take a class using a virtual class. The parents of the student will be responsible for the credit recovery class.

### **Reenrollment of Current Students**

OX TLC will retain spots for current students and provide first option for siblings of current students, holding places until April 1<sup>st</sup>, when enrolment is opened to the public. A reminder letter from OX TLC should be sent on March 1<sup>st</sup>, and another on March 15<sup>th</sup>, reminding parents that

they need to pay registration and curriculum for every student they need to reserve a place for, by April 1<sup>st</sup>. They will not need to pay tuition until June 1<sup>st</sup>. If registration and curriculum fee is not paid by April 1<sup>st</sup>, OX TLC cannot guarantee that places will be available after that date.

Once classes are full, students will be placed on a waiting list (after paying registration and curriculum fees), pending the start of another class. If another class is not started, fees paid will be refunded to those on the waiting list.

Decisions regarding number of classes will be made on April 1<sup>st</sup>, based on the enrolment information available at that time.

### Reporting to Parents

The progress of each student should be reported to his or her parents periodically throughout the school year. Grade reports are issued quarterly. Parents may request a student's grade between reports with understanding that reports may take 24 hours to be assembled. The final grade report will reflect a student's cumulative performance for the year and will be used to determine advancement or retention in a grade or course.

## Special Learning Services

The purpose of the Learning Services program is to provide additional support for students who have demonstrated severe needs in school. These may or may not be diagnosed.

How are LS students identified?

Teachers who have noticed a student severely struggling with grade level or below grade level work, a student whose maturity level is well below his or her peers, or a student who struggles with staying on task or paying attention may want to consider recommending the student for LS. The teacher should keep records of all accommodations that have already been tried in the class as well as the student's response (Ex. change in seating; small group meeting with teacher). This will help both the Principal and the LS teacher as they observe and make decisions concerning student needs.

Where are IEP's stored and how often are they reviewed?

LSPs (IEPs) are currently stored on SharePoint "Student Information." A hard copy can also be found in the LS filing cabinet. These should be reviewed quarterly.

How is the LS program funded?

LS should have a line in the 2021-2022 school year budget. It is funded by additional fee payment from parents.

How is the LS program staffed?

1 LS Coordinator and 1 LS Assistant

Does the LS program partner with any assessment centers?

We currently partner with the CDC in Hong Kong for student assessment. Parents receive a 20% discount if they agree to have a copy of the assessment sent directly to OX TLC. Our contact at the CDC is Yvonne So.

How do students exit the LS program?

A student can exit the learning services program once he or she is able to demonstrate ability to grade level work and/or demonstrate the necessary organizational and behavioral skills necessary to function in the regular classroom. This step would need to be evaluated based on goals met and whether any additional goals should be considered.

## Standardized Assessments (for measuring academic progress)

Standardized Testing:

- OX TLC International School participates standardized testing using the Measurement of Academic Progress (MAP) Test.
- Necessary additional testing is referred to an outside provider at the parent's expense

If a student needs to call a parent/guardian, these calls should be made from the school office with the permission of a teacher or administrator. If students are using cell phones for instruction, they should be used when instructed and placed face down on the desk where a teacher can see each device when not in use. Students who violate this policy will refer to the electronic device policy for consequences to the cell phone policy.

## **Student Extra-Curricular Activities and Organizations**

OX TLC desires to create an institution that meets the needs of students holistically. Part of the way to fulfill this goal is to create opportunities for students to develop skills in addition to their academic skills. The main extra-curricular activities provided at OX TLC are fine arts and athletics. OX TLC provides opportunities for students to take music lessons on campus during their school day. Drama and music classes are available based on student interest level and faculty availability. In the secondary school, interscholastic athletics are available for male and female students from 6<sup>th</sup>-12<sup>th</sup> grade in sports including Soccer, Basketball, Volleyball, Cross Country and Badminton.

### Parent Volunteers

OX TLC International School has instituted a Parent Teacher Organization (PTO). This organization will serve and support the school community through events and functions.

(See Appendices for Volunteer Contract)

### Week Without Walls

The OX TLC 'Week Without Walls' program enhances our school curriculum by exposing students to new cultures and academic and personal growth opportunities that cannot be achieved in a regular classroom.

These are residential field trip opportunities that will enable students to have an opportunity to participate in: team building exercises, community service and outdoor adventure activities.

For students from Grade 6 to Grade 12, the 'Week Without Walls' will last for 4 nights. Normally, students would leave from school on Monday and return on a Friday. For students in Grade 4-5, their 'Week Without Walls' would extend over 2 nights. For example, from a Wednesday to a Friday. All students are encouraged to take part in the 'Week Without Walls' activities. If students choose not to attend, a limited program will still be offered from them in school. Students who choose to attend the 'Week Without Walls' will not be disadvantaged academically and will not be required to make up work that was given to the students who chose to remain in school.

The cost of 'Week Without Walls' will be covered by the students and their families. The overall cost of the 'Week Without Walls' will be adjusted to ensure that the costs for accompanying faculty are also covered.

Faculty, from Grades 3 to 12 will need to understand that their participation on these 'Week Without Walls' extended field trips is required and expected. Typically, their roles on these excursions are as observers and faculty are normally only to step in should disciplinary action be required. The activities are run by the 'Week Without Walls' facilitators.

OX TLC International School believes that all human beings, regardless of race, gender, age, mental capacity or physical condition, born or unborn, rich or poor, educated or uneducated, young or old, reflect God's image. Believing all human life is sacred, OX TLC International School strives to be intentional agents of God's love and compassion for those who find themselves in difficult, unwanted circumstances as well as those who suffer pain because of illness, injury, injustice, or oppression. Children are to be viewed as a gift from the Lord. Jesus viewed children with a special regard and pointed out that anyone who would harm a child that it would be better if that person be cast into the sea. These strong statements make protection of children an imperative. Child abuse and neglect are obstacles to the physical, intellectual, and spiritual development of children.

OX TLC International School plays an institutional role in society as protectors of children. Schools should ensure that students have a safe and secure environment to grow and develop to their maximum potential. Educators are in a unique position to observe and interact with children over time and observe when children are not thriving and need protection. As such, OX TLC International School's administrators, faculty, staff, and volunteers have a professional and ethical obligation to identify children who need help and protection, and to take steps to ensure that the child and their family receive services to remedy any situation that constitutes child abuse or neglect.

All administrators, faculty, staff, and volunteers at OX TLC International School must report suspected incidences of neglect and abuse whenever there is reasonable cause to believe that a child has suffered or is at risk of suffering abuse or neglect. If there is reasonable cause to suspect neglect and abuse, administrators, faculty, staff, and volunteers are protected from retaliation in reporting suspected neglect and abuse. Reporting and follow up of all suspected incidences of child neglect or abuse will proceed according to the policy, procedures, and guidelines as outlined in the OX TLC Child Protection Policy. Cases of suspected neglect and abuse will be referred to local law enforcement authorities and may be reported to employers, the appropriate consular officials, and child protection agencies in the home country of the child abuser.

Copies of OX TLC International School's Child Protection Policy will be sent home with each student. OX TLC International School will provide annual training for its administrators, faculty, staff, volunteers, and students in its child protection policy. The school will also implement hiring practices that make every effort to ensure the safety of children. Administrators, faculty, staff, and volunteers reported as an alleged offender will be fully investigated following due process procedures.

Flow Chart of steps to follow after disclosure<sup>1</sup>  
 (see Flow Chart on following page)

**Response to Disclosure or Report of Alleged Incident Flowchart**

<sup>1</sup> For specific roles and functions refer to Response Teams section.

## Procedures for reporting suspected cases of child abuse or neglect

### Step 1: Gathering information and personnel

When a child reports abuse or neglect or there is reasonable cause to suspect abuse or neglect, the administrator, faculty, staff or volunteer will inform the grade level principal as soon as possible. Failure to report within 48 hours will result in disciplinary action. The grade level principal will inform the Head of School. The Head of School will determine if there is reasonable cause to proceed further. If reasonable cause is found, the Head of School will inform the Chairman of the Board and if reasonable cause still exists the Head of School will activate the School-Based Response Team. The School-Based Response Team will be composed of the Head of School, Elementary Principal, Secondary Principal, School Counselor(s), School Nurse, the person who reported the case, a record keeper, the child's Homeroom Teacher and a Board member, (unless one of these members is allegedly involved). needed. All information gathered will be factually documented and strict confidentiality will be observed. The following procedures will be used:

1. Head of School will lead all phases of the process.
2. Interview administrators, faculty, staff, and volunteers as necessary and document information relative to the case.
3. Consult with school personnel regarding student information held by the school.
4. Determine the course of follow-up action.

### Step 2: Determining a follow-up course of action

Based on acquired information, a plan of action will be developed to assist the child and family. These actions **may** take place:

- Discussion with the child and the counselor in order to gain more information. Depending on the age of the child this discussion might include pictures or playing with dolls to elicit more information on what may have occurred.
- In-class observations of the child by the teacher, counselor, or principal.
- Meeting with the family to present the school's concerns.

- Notification of the management of the sponsoring employer or to the home of record child protection services.
- Consultation with the consulate of the country of involved family.

The school will make every effort to share information with other schools upon request to protect the student.

### **If the accused is an administrator, faculty, staff or volunteer**

In the event the abuse or neglect allegation involves an administrator, faculty, staff or volunteer of OX TLC International School, the school will follow Board policy pursuant to ethical professional behavior. According to policy:

*The staff members who are accused of child abuse may be suspended or given leave without pay, pending investigation of the accusation. Such staff may also be removed from the classroom and given a job that does not require interaction with children. However, no accusation or affirmation of guilt will be made until a thorough investigation is complete. Teachers found guilty of child abuse will be immediately dismissed. (OX TLC Policy Manual 4011.60)*

Allegations, depending on the severity of the accusation, will be investigated by either the School-Based Response Team or local law enforcement authorities.

- Parent's name, address, home phone (if possible) and workplaces
- Nature and extent of the suspected abuse

## Introductory Letter to Parents

(Insert Current Date)

Dear Parents of Students at OX TLC International School,

I am writing to inform you that the School Board of OX TLC International School has adopted a new Child Protection Policy to guide our staff and families in matters related to the health, safety and care of children in attendance at our school.

OX TLC's Child Protection Policy is based on international law and on the United Nations Convention on the Rights of the Child of which China is a signatory. These two key articles from the UN Convention on the Rights of the Child are important and we wish to draw your attention to them:

Article 19 - Protection from abuse and neglect: The State shall protect the child from all forms of maltreatment by parents or others responsible for the care of the child and establish appropriate social programs for the prevention of abuse and the treatment of victims.

Article 34 - Sexual exploitation: The State shall protect children from sexual exploitation and abuse, including prostitution and involvement in pornography.

By enrolling your child at OX TLC, you agree to work in partnership with the school and abide by the policies adopted by the OX TLC School Board. All of us at OX TLC want you to know that we genuinely value our partnership with you in providing for the safety and care of your children. It is for this reason that OX TLC has endorsed a Child Protection Policy that defines the standards by which all OX TLC students should always be treated with respect and dignity.

As part of our overall educational programs and specific to our shared responsibility to educate children and to ensure a safe environment in which all children can learn and grow OX TLC will:

1. Provide age-appropriate lessons for all grade levels to help students understand personal safety.
2. Provide parent materials and information sessions to help you better understand our programs and policy.
3. Annually train faculty and staff to recognize and report issues of abuse and neglect.

Let's work together at home and school to ensure that our children are safe and are knowledgeable about their obligations and responsibilities to themselves and to each other, so they can grow and learn free of fear in a safe and supportive environment. I thank you for your support of our efforts and invite you to contact your school counselor or principal regarding any specific questions you may have in this regard.

Yours faithfully,

(signature)
